

Revival and Renovation of Traditional Water Bodies (Teerthas) Hara Teertham

**Sponsored By
LIC, Golden Jubilee Foundation, Mumabi**

Revival and Renovation of the Traditional Water body – Hara Teertham is completed and now everybody is waiting for the rain god to bless (North-East monsoon) so that the Teertham can be inaugurated in the month of November.

Hara Teertham with a well with cement concrete rings and beautiful steps which can be used for cleaning the Water body

***A very beautiful approach path to the Hara Teertham
Workers carrying out Traditional colouring***

Side view of the Hara Teertham

Workers giving finishing touches to the side walls

Concrete rings well outside the Water body which will have water because of percolation
