

Revival and Renovation of Traditional Water Bodies Simha Teertham

By
Vivekananda Kendra – Nardep

Awareness Programme

We have taken up a massive work of Reviving and Renovating the Simha Teertham. The project is supported by BrahMos Aerospace, New Delhi. After the renovation, the local stakeholders should take up the responsibility of the maintenance of the water body.

Keeping this in mind, VK-Nardep is developing social capital by organizing Awareness Programmes at nearby places of Simha Teertham which are as follows:

- i. Vivekananda Nagar – 26
- ii. Santhiri Street, Pamban - 10
- iii. Therku Vadi – 14

Sister Saraswathi interacting with the stakeholders
