"Maintenance of Renovated Traditional Water Bodies"
Ramar Teertham

By
Vivekananda Kendra – Nardep

In this month, we carried out the maintenance of the Traditional Water body – Ramar Teertham.

Teertham before the maintenance after a gap of eight years

Colouring work is on after minor maintenance

Traditional colours of White and Kavi

Giving double coats

Cleaning the steps with grown up grass

Maintenance of the central mandapam

Final view after maintenance

Entry to the Ramar Teertham – spiral arch is getting a new look after Kavi colour painting
